

## PRESS RELEASE

### **SPEND VALENTINE'S DAY AT THE GREEN PARK RESORT IN TIRRENIA TO REDISCOVER THE SWEET TASTE OF LIFE**

*A romantic night in a suite surrounded by vegetation; a glass of chilled Prosecco wine at breakfast; as many treatments and massages as you like at the Spa; and a taste of the best plain chocolate in the world according to the prestigious Chocolate Academy of London. This is the recipe for a sugary sweet Valentine's Day at the Green Park Resort in Tirrenia, immersed in five-hectare pine forest overlooking the sea.*

#### **Massages and tastings**

The Green Park Resort is offering a package for an unforgettable weekend for couples the entire month of February. Starting with the aperitif. A creative cocktail sipped at the American Bar is the ideal prelude to the romantic candlelight dinner with a tasting menu combined with a selection of wines provided by the hotel's outstanding wine cellar. Sweet dreams in a luxurious room and a gentle reawakening with a *champagne breakfast*. Then the day devoted to pleasures and pampering begins.

The "Valentine's Day: Mouth-watering and Appetizing Weekend" package costs Euro 209 per person. It includes not only a one-night stay in a double room or junior suite and buffet breakfast with Prosecco di Valdobbiadene wine, but also free admission to the Spa's Thermarium (heated swimming pool with hydrotherapeutic route, Turkish bath and relaxation area), a relaxing massage, a three-faced solarium, and a 10% discount on beauty treatments. And the Green Park Resort's beauty Spa is truly an exclusive oasis. It is the realm of guru Satyam Bardi, who practices the ayurvedic treatments he learned from Indira Gandhi's therapist. Musts to try are Feet Reflexology, a massage of the soles of the feet that balances the physiological functions; the Watsu Massage, an interaction between shiatsu and hot water; and the Queen's Treatment, which combines the action of micropeeling with a massage of millions of inorganic activators of marine diatoms.

And since it is Carnival season as well, a ticket to watch the Procession of Masks on February 12<sup>th</sup> at the Carnival of Viareggio is included.

Extra night: Euro 119 in double room, breakfast included.

*Dulcis in fundo*, a tasting of Amedei chocolate is also offered. It is a handmade delight prepared by the small Pontedera company, which this year was named best chocolate maker in the world by the prestigious Chocolate Academy of London.

If simply tasting it does not satisfy your appetite, you can always pop over to Pontedera to stock up on chocolate-hazelnut creams with rum and cinnamon and chocolates made with Vin Santo, Amedei's two most famous products. An extraordinarily sweet finale for a lovers' weekend.

The above offer is limited and valid only by reservation, referring to the "Valentine's Day: Mouth-watering and Appetizing Weekend" programme.

#### **Soft Living Places**

The Green Park Resort (4-star superior) in Tirrenia is part of the Soft Living Places Group, which also owns and manages the Hotel Byron (5-star luxury) in Forte dei Marmi and the Hotel Plaza e de Russie (4-star superior) in Viareggio. These three facilities are different from one another in typology, although they share the same guest reception philosophy and standards of service. The name of the Group – Soft Living Places – identifies places where one feels surrounded by warm, discrete attention and can be pampered by subtle, refined comfort.
